

United Way Combined Giving Campaign

The School District of Greenfield is again participating in the Suburban Combined Giving Campaign. Our campaign kicks off today and will run through December 1. This campaign, which is led by United Way of Greater Milwaukee & Waukesha County, serves as an annual opportunity to engage district employees in a broad fundraising effort for numerous nonprofits that are doing varied, but equally important, work. Please consider contributing to this effort.

Attached is a participating federation overview flyer and below are links to their websites. A full nonprofit listing is also attached. It's without a doubt that at least one (but likely many more!) represented federations and/or their affiliates are striving towards the future – a future with no family homelessness, a future with no cancer, a future with no hunger, a future that's invariably sustainable and innovative – in a way that resonates with you.

Thanks in advance for supporting this year's campaign and giving generously to what moves you!

HR Districtwide Listening Sessions

A series of informal, drop-in style sessions designed to identify important topics, ideas, and concerns our employees have will be held at each district building during the months of November and December. If you drop in you'll have the opportunity to provide positive feedback about what you love about working in Greenfield, will be able to voice your concerns and identify areas for growth, and can share your ideas about how the District can get better in those areas. An employee may attend a session at any location, and each session will follow the same format. Please contact Dave or Debbie if you have any questions!
