

Guidelines for Student Grant Applicants

Deadline: April 30th

Who can apply for Greenfield Foundation Grants?

Students seeking to participate in a learning opportunity which is beyond the general school day and supports the Greenfield School District educational program and related activities.

What kind of projects can be funded?

Innovative and creative learning opportunities which enhance the individual student learning experience. Student requests may include but are not limited to costs of supplies, materials, equipment, or travel expenses. The Greenfield Education Foundation will not approve student pay requests.

How does one apply?

Applications for grants should be submitted to the Foundation no later than April 30th for consideration in the current school year. The grant applications will be reviewed by the Board at their monthly meeting once all information is received.

A short application has been created for grant requests, which includes a description of the activity, mission of activity, goals and other objectives, activity design/timeline, and budget.

What criteria will be used to evaluate the applications?

The Greenfield Education Foundation Board of Directors will review applications and make awards based on the potential impact on student learning, project design, number of students served, and value to the other students in the school district.

Please note: We want to hear how your event/project went! Once the grant has been fulfilled, a short written, pictorial, or video presentation will need to be presented to the Education Foundation Board. You or your representative's attendance at a Foundation Board meeting to present your feedback is optional.

For more information or to schedule a presentation, please contact Ellen Oates at 414-855-2031 or eoates@greenfield.k12.wi.us.

How can I get additional information?

For more information, call or text Pamela Sierzchulski, 414-379-4687.
