INDEPENDENT AUDITORS' REPORT

Board of Education School District of Greenfield Greenfield, Wisconsin

Report on the Audit of the Financial Statements *Opinions*

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the School District of Greenfield, Greenfield, Wisconsin (the District) as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due
 to fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures
 in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is
 expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison information and the schedules relating to pensions and other postemployment benefits be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining nonmajor governmental fund financial statements and schedules of expenditures of federal and state awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and the State Single Audit Guidelines, issued by the Wisconsin Department of Administration, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining nonmajor governmental fund financial statements and the schedules of expenditures of federal and state awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 9, 2024, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The Management Discussion and Analysis of the School District of Greenfield provides a review of financial activities for the fiscal year as presented in the basic financial statements. The basic financial statements include both district-wide statements (accrual basis) and governmental fund statements (modified accrual basis). The differences between the two reporting requirements is described in detail in the Overview of The Financial Statements (p.6).

FINANCIAL HIGHLIGHTS

- <u>District-Wide Statement Highlights:</u> In the District-Wide Statement of Activities, the total change in net position increased by \$2,736,388.
- Governmental Fund Statement Highlights: In the Governmental Funds reporting, total fund balance decreased by \$20,359. Governmental Funds include both the General Fund, Referendum Debt Service Fund, and Non-major Governmental Funds. Additional information can be found in the Notes to the Basic Financial Statements (p.62-63).
 - The fund balance in the General Fund totals \$14,107,782, an increase of \$224,068 from prior fiscal year. Of this total, \$11,384,411 is unassigned and is available for cash flow, representing 21% of General Fund expenditures at year-end.
 - The Referendum Debt Service Fund (Fund 39) totals \$1,983,003, a decrease of \$326,489 from prior year. The decrease was due to paying down debt by using available fund balance and additional tax levy.
 - The Non-major Governmental Funds have a total fund balance of \$3,798,440, an increase of \$82,062 from prior fiscal year. The Non-major Governmental Funds include the Special Revenue Fund for donations, Food Service Fund, Community Service Fund, and also the Nonreferendum Debt Service and Capital Projects Funds.
- A reconciliation for the difference between net position and governmental fund balance can be found in the Basic Financial Statements (p.21).

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual financial report consists of three parts – A.) required supplementary information B.) the basic financial statements, including notes to the financial statements, and C.) additional supplementary information.

The basic financial statements consist of two kinds of statements that present different views of the District's financial activities.

1. District-Wide Financial Statements (accrual basis accounting):

- The **Statement of Net Position** and **Statement of Activities** provide information on a district-wide basis. These statements present an aggregate view of the district's finances. District-wide statements contain useful long-term information as well as information for the just-completed fiscal year.
- The **Statement of Net Position** compares assets, deferred outflows/inflows, liabilities and net position to give an overall view of the financial health of the District.
- The **Statement of Activities** defines the entity's expenses by function and illustrates the total that is offset by corresponding revenues charges for services and/or operating grants and contributions. The result is total net expense offset by general and miscellaneous revenue recognizing the Change in Net position for the District from the previous year.

2. Governmental Fund Financial Statements (modified accrual basis accounting):

■ The remaining statements include the *Balance Sheet Governmental Funds*, and the *Statement of Revenues*, *Expenditures and Changes in Fund Balances*. Governmental Funds focus on individual parts of the district. Fund statements generally report operations in more detail than the district-wide statements and support the Statement of Net position.

The **Notes to the Financial Statements** provide further explanation of some of the information in the statements and provide additional disclosures so statement users have a complete picture of the district's financial activities and position.

Additional Supplemental Information provides information specific to non-major governmental funds such as the Special Revenue Trust Fund (Donation Fund), Food Service Fund, Community Service Fund, Non-Referendum Debt Service Fund, and the Long-Term Capital Improvements Fund.

The major features of the District's financial statements, including the portion of the activities reported and type of information contained within, is shown in the following table:

	Types of Financial Statements									
	District Wide Statements	Governmental	Fiduciary

Restricted	6,185,226	6,430,097	-3.81%
Unrestricted	12,640,332	11,462,210	10.28%
Total Net Position	\$64,178,900	\$61,442,512	4.45%

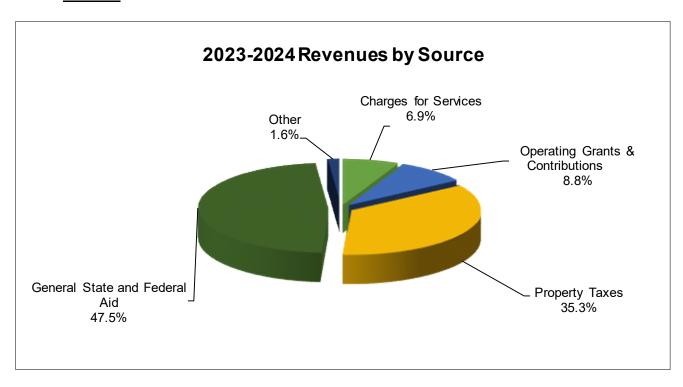

- As of June 30, 2024, the District reported total assets and deferred outflows of resources of \$117.2 million, total liabilities and deferred inflows of resources of \$53 million, and total net position of \$64.2 million. Capital assets include the actual and estimated historical cost of sites, buildings, furniture, and equipment net of accumulated depreciation/amortization. The deferred outflows of resources relate to the District's pension and other post-employment benefit plans, as well as the loss on the advance debt refunding.
- Non-current liabilities include amounts due for future debt payments related to the Greenfield High School construction project, construction of the Board of Education and District Administrative offices, and District energy efficiency and school improvements. Deferred inflows of resources relate to the District's pension and other post-employment benefit plans.

Net Position - End of Year	\$ 64,178,900		\$	61,442,512		<u>4.5%</u>

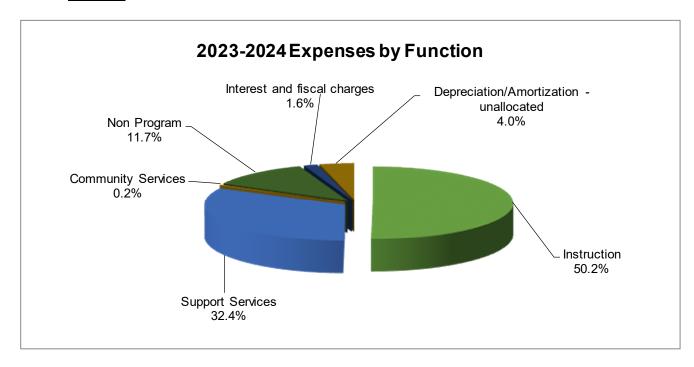

District-Wide Revenue

- For fiscal year 2024, the District received \$63.0 million in total revenue. General revenues totaled \$53.0 million. Property taxes represent 35.2% of the total revenues and state and federal aids not restricted to specific functions represent 47.5%.
- Program revenues from charges for services totaled \$4.4 million, or 6.9% of the revenues. Book and activity fees, open enrollment tuition, admission fees to events, and facility use fees are included here.
- Federal and State operating grants and contributions totaled \$5.5 million, or 8.8%, toward the total revenue received. Food Service aid, special education aid, and transportation aid are included here.
- Other revenues include interest earnings and miscellaneous revenue of 1.6%.

District-Wide Expenses

- For fiscal year 2024 the District had \$60.2 million in total expenses. Instruction and support services accounted for 82.8% of the total amount. Costs for instructional materials, teacher salaries and benefits, textbooks administration, building operations, business and central services are included in this amount. Interest and fiscal charges accounts for 1.6% of expenses while community services, depreciation/amortization, and non-program expenditures accounts for the remaining 15.5%.
- Non-program expenses include payments made for resident students attending other Districts through the open enrollment program, private school voucher programs, and contracted special education services.

Net Cost of Governmental Activities

Table #6

	Total C	Cost of Service:	s	Net C	ost of Services	i
			%		%	
	2024	2023	Change	2024	2023	Change
Instruction	\$ 30,230,697	\$ 29,738,535	1.7%	\$ 23,262,542	\$ 22,183,303	4.9%
Support Services	19,620,314	19,446,256	0.9%	16,719,498	16,684,502	0.2%
Community Services	114,160	125,166	-8.8%	111,699	122,444	-8.8%
Non Program	7,034,393	6,117,819	15.0%	6,904,338	5,966,771	15.7%
Interest and fiscal charges	935,903	1,137,440	-17.7%	935,903	1,137,440	-17.7%
Dep/Amort unallocated	2,417,090	2,409,770	0.3%	2,417,090	2,409,770	0.3%
Total Expenses	\$60,352,557	\$58,974,986	2.3%	\$50,351,070	<u>\$48,504,230</u>	3.8%

The total cost of governmental activities (\$60.2 million) was offset by \$9.9 million in revenue generated from charges for services and operating grants/contributions. The remaining amount of \$50.4 million in governmental activities, or the net cost of services, was financed by general revenues that primarily included property taxes (\$22.2 million) and general state aid (\$29.9 million). See the Statement of Activities.

GOVERNMENTAL STATEMENTS OVERVIEW:

GOVERNMENTAL FUND BALANCE

The District shows a total fund balance for all governmental funds of \$19.9 million as of June 30, 2024.

- of this total, the General Fund (Fund 10) is a major fund that holds the largest fund balance of \$14.1 million. The District uses this fund balance to fund short-term operations of which \$104,467 is for non-spendable and restricted purposes, \$2.6 million is assigned for self-funded insurance plans, and \$11.4 million is unassigned. Board policy requires the District to maintain an unassigned fund balance that is at least 15% of expenditures; it is currently at 21% which is well above the minimum requirement. A strong fund balance is a positive sign of financial viability and enhances the District's bond rating. It allows the District to continue operations until funding is received in January from local property taxes, eliminating the need to short-term borrow.
- The Referendum Debt Service Fund (Fund 39) is a major fund that currently holds \$1,983,003 of fund balance restricted towards paying off referendum debt.
- Fund Balance of the other non-major governmental funds total \$3.8 million and are the combined total of the Special Revenue Trust Fund (Fund 21), Non-Referendum Debt Service Funds (Fund 38), Food Service Fund (Fund 50), Long Term Capital Improvements Fund (Fund 46), and the Community Service Fund (Fund 80).

GOVERNMENTAL ACTIVITIES

Capital Assets (net of accumulated depreciation/amortization)

Table #7

			%
	2024	2023	Change
Land	\$ 274,868	\$ 274,868	0.0%
Construction in Progress	-	-	100.0%
Buildings	108,328,551	108,119,615	0.2%
Land Improvements	2,814,064	2,814,064	0.0%
Furniture, Equipment, and Vehicles	4,397,768	4,262,121	3.2%
Right-to-Use Lease Assets	886,404	546,660	62.1%
Accumulated Depreciation/Amortization	 (44,427,214)	 (42,167,439)	5.4%
Total	\$ 72,274,441	\$ 73,849,889	-2.1%

• In order to comply with GASB #34, the District maintains a comprehensive inventory of all capital assets over \$5,000 and related accumulated depreciation/amortization. See Note 2. B. for further information.

Long-Term Debt

Table #8

Outstanding Long-Term Debt			
			%
	2024	2023	Change
Long-Term General Obligation Bonds	\$27,165,000	\$31,670,000	-14.2%
Other	279,120	456,319	-38.8%
Lease Liability	680,925	349,323	94.9%
Total	\$ 28,125,045	\$ 32,475,642	-13.4%

 At year-end the District had \$27.2 million in outstanding general obligation debt. The balance of the obligations outstanding were for the following purposes: refunded debt for 2007-08 High School projects and for 2016-17 energy efficiency and school improvement projects.

 Debt of the District is secured by an irrevocable tax levy adopted by the School Board at the time of issuance. Wisconsin state statutes require that the first property tax receipts be segregated for use for annual debt service payments. The School District of Greenfield complies with all statutory requirements.

See Note 2.D. in the Notes to Financial Statements.

Other Governmental Activities

The District's strong financial position can be credited to effective and conservative fiscal management. Some areas of focus for the district include:

- When possible, the District attempts to budget and set aside funds in the Capital Project Fund (Fund 46) to utilize towards long-term maintenance projects and building repairs. A list of potential projects is reviewed annually by the Administration and Board to ensure the safety and sustainability of District facilities. The Board of Education is committed to a proactive approach towards preventative maintenance throughout the District to avoid costly repairs in the future.
- In addition, the Board of Education maintains an Other Post Employee Benefit Trust Fund (Fund 73) with a net fiduciary position of \$651,237 to offset retirement liabilities. This actuarial determined liability is fully funded.

OPERATING BUDGET

The District adopts a preliminary operating budget in September during the annual meeting and budget hearing. In October, consistent with current state statutes and regulations, the original budget is adopted to reflect the final state aid certification, pupil counts, and final revenue limit determination. The District may modify its original budget to update for projected expenditures with board approval; no significant changes were made between the original and final budgets.

As noted in the Schedule of Revenues, Expenditures, and Changes in Fund Balance Budget to Actual for the General Fund, the District had anticipated a budget deficit of \$390,000 to balance general operations but ended the year with a surplus of \$224,068, \$614,068 under budget. The primary reason for this surplus was due to lower-than-expected regular instruction and instructional staff services.

DECISIONS THAT WILL IMPACT THE FUTURE OF THE DISTRICT

- School funding levels are always subject to changes that occur from decisions that are made by the Wisconsin State Legislature through the biennial budget process. The District was fortunate to receive one-time federal ESSER grants to support instructional needs throughout the pandemic; however, due to the minimal increases provided in the 2021-23 Biennial Budget, the ESSER grants became an essential means to sustain operations while faced with the extraordinary ongoing costs of inflation. Like many other districts across Wisconsin, the District faced a funding cliff due to the depletion of grant funds along with the rising costs of services and employee retention. To proactively address projected budget shortfalls, the District was able to garner community support for a non-recurring operating referendum in November of 2022. This referendum, exceeding revenue limits by \$5 million annually over a four-year period starting in the 2023-24 school year, was a proactive measure to secure additional funding. Its approval reflects the community's understanding of the significance of education and its commitment to investing in the district's future. The District is grateful for this ongoing support, recognizing the opportunities the referendum will afford the students of Greenfield.
- The cost of health insurance continues to be a significant variable in the financial future
 of the District. The District, through its self-funded health plan, continues to explore
 and implement cost saving measures to control the District portion of the insurance
 costs. This may include exploring alternative insurance plans and/or strategies in the
 future.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have any questions about this report or need additional financial information, please contact Joanie Niemiec, Director of Finance, School District of Greenfield, 4850 S. 60th Street, Greenfield, WI 53220.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the School District of Greenfield, Greenfield, Wisconsin (the District), have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The significant accounting principles and policies utilized by the District are described below:

A. Reporting Entity

The District is organized as a common school district. The District, governed by an elected seven-member board, operates grades K through 12 and is comprised of one taxing district. In accordance with GAAP, the basic financial statements are required to include the District and any separate component units that have a significant operational or financial relationship with the District. The District has not identified any component units that are required to be included in the basic financial statements in accordance with standards.

B. District-Wide and Fund Financial Statements

The district-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities* are primarily supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the district-wide financial statements. Governmental funds include general, special revenue, debt service, and capital projects funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

The District reports the following major governmental funds:

General Fund

This is the District's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. District-Wide and Fund Financial Statements (Continued)

Referendum Debt Service

This fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

Additionally, the District reports the following fiduciary fund type:

 The employee benefit trust fund is used to account for resources legally held in trust for other postemployment benefits.

C. Measurement Focus and Basis of Accounting

The district-wide financial statements are reported using the *economic resources* measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial* resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 120 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to lease liabilities, compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes are recognized as revenue in the fiscal year for which taxes have been levied. Tuition, grants, fees, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenue of the current fiscal period. All other revenue items are considered to be measurable and available only when the cash is received by the District.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources, as they are needed.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Fund Balance

1. Cash and Investments

Cash and investments are combined in the financial statements. Cash deposits consist of demand and time deposits with financial institutions. Investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date.

2. Property Taxes

The aggregate District tax levy is apportioned and certified in November of the current fiscal year for collection to comprising municipalities based on the immediate past October 1 full or "equalized" taxable property values. As permitted by a collecting municipality's ordinance, taxes must be paid in full or in two or more installments with the first installment payable the subsequent January 31 and a final payment no later than the following July 31. On or before January 15, and by the 20th of each subsequent month thereafter, the District is paid by the collecting municipalities its proportionate share of tax collections received through the last day of the preceding month. On or before August 20, the county treasurer makes full settlement to the District for any remaining balance.

Property taxes are recognized as revenue in the fiscal year levied as they are considered due as of January 1, the date from which interest and penalties accrue for nonpayment of a scheduled installment, and full receipt of the entire levy is assured within 60 days of fiscal year-end, meeting the availability criteria necessary for property tax revenue recognition by accounting principles generally accepted in the United States of America.

3. Accounts Receivable

Accounts receivable are recorded at gross amounts with uncollectible amounts recognized under the direct write-off method. No allowance for uncollectible accounts has been provided since it is believed that the amount of such allowance would not be material to the basic financial statements.

4. Prepaid Items

Payments made to vendors that will benefit periods beyond the end of the current fiscal year are recorded as prepaid items and are expensed in the periods benefitted.

Prepaid items of governmental funds in the fund financial statements are classified as nonspendable fund balance to indicate that they do not represent spendable available financial resources.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Fund Balance (Continued)

5. Capital Assets

Capital assets are tangible and intangible assets which include property, plant, and equipment, are reported in the in the district-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of \$5,000 or higher and an estimated useful life in excess of a year.

Capital assets are capitalized and reported at historical cost or estimated historical cost if purchased or constructed, except for intangible right-to-use lease assets, the measurement of which is discussed in Note 1.D.9. Donated capital assets are recorded at estimated acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Capital assets of the District are depreciated/amortized using the straight-line method over the following estimated useful lives:

	Governmental	
	Activities	
Assets	Years	
Land Improvements	20	
Buildings and Improvements	45 to 50	
Machinery and Equipment	5 to 20	
Right-to-Use Lease Assets - Equipment	3 to 5	

6. Compensated Absences

The District's policy allows employees to earn varying amounts of vacation pay for each year employed which accumulates and vests to the employees when earned and must be used within the fiscal year earned. Upon retirement or termination of employment, the employee is not entitled to payment of earned vacation.

The District's policy does not allow accumulated sick pay benefits to vest for teachers and administrators. Unused accumulated employee sick pay is forfeited upon retirement or termination of employment. Accumulated benefits are recorded as an expenditure/expense in the year used.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Fund Balance (Continued)

7. Deferred Outflows/Inflows of Resources

Deferred outflows of resources are a consumption of net assets by the government that is applicable to a future reporting period. Deferred inflows of resources are an acquisition of net assets by the government that is applicable to a future reporting period. The recognition of those outflows and inflows as expenses or expenditures and revenues are deferred until the future periods to which the outflows and inflows are applicable.

8. Long-Term Obligations

In the district-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

9. Leases

The District is a lessee for equipment. The District recognizes a lease liability and an intangible right-to use lease asset in the district-wide financial statements based on the criteria dictated in GASB Statement No. 87, Leases.

At the commencement of the lease, the District initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease liabilities are reported with the long-term obligations on the statement of net position.

An intangible right-to use lease asset is initially measured as the initial amount of the lease liability adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. The intangible right-to use lease asset is amortized on a straight-line basis over the shorter of the lease term or the useful life of the underlying asset. The intangible right-to use lease asset is reported with the District capital assets in its own category called Leased Assets (Right to Use).

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Fund Balance (Continued)

9. Leases (Continued)

Key estimates and judgements related to leases include how the District determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

The District uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the District generally uses its estimated incremental borrowing rate as the discount rate for leases.

The lease term includes the non-cancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the District is reasonably certain to exercise.

The District has recognized payments for short-term leases with a lease term of twelve months or less as expenses as incurred, and these leases are not included as lease liabilities or right-to-use lease assets on the statements of net position.

The District monitors changes in circumstances that would require a re-measurement of its lease and will re-measure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease.

10. Pensions

Wisconsin Retirement System

The fiduciary net position of the Wisconsin Retirement System (WRS) has been determined using the flow of economic resources measurement focus and accrual basis of accounting. This includes for purposes of measuring the following:

- Net Pension Liability (Asset),
- Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.
- Pension Expense (Revenue).

Information about the fiduciary net position of the WRS and additions to/deductions from WRS' fiduciary net position have been determined on the same basis as they are reported by the WRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Fund Balance (Continued)

10. Pensions (Continued)

Supplemental Pension Plan

For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the supplemental pension plan and additions to/deductions from fiduciary net position have been determined on the same basis as they are reported by the supplemental pension plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

11. Other Postemployment Benefits Other Than Pensions (OPEB)

Single-Employer Defined Postemployment Benefit Plan

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the District's Other Postemployment Benefit Plan (the Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, the Plan recognizes benefit payments when due and payable in accordance with the benefit terms.

Local Retiree Life Insurance Fund

The fiduciary net position of the Local Retiree Life Insurance Fund (LRLIF) has been determined using the flow of economic resources measurement focus and the accrual basis of accounting. This includes for purposes of measuring following:

- Net OPEB Liability (Asset),
- Deferred Outflows of Resources and Deferred Inflows of Resources Related to Other Postemployment Benefits, and
- OPEB Expense (Revenue)

Information about the fiduciary net position of the LRLIF and additions to/deductions from LRLIF's fiduciary net position have been determined on the same basis as they are reported by LRLIF. For this purpose, benefit payments (including refunds of member contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Fund Balance (Continued)

12. Fund Equity

Governmental Fund Financial Statements

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Nonspendable Fund Balance. Amounts that are not in spendable form (such as prepaid items or long-term receivables) or are legally or contractually required to remain intact.
- Restricted Fund Balance. Amounts that are constrained for specific purposes by external parties (such as grantor or bondholders), through constitutional provisions, or by enabling legislation.
- <u>Committed Fund Balance</u>. Amounts that are constrained for specific purposes by action of the Board of Education. These constraints can only be removed or changed by the Board of Education using the same action that was used to create them.
- <u>Assigned Fund Balance</u>. Amounts that are constrained for specific purposes by action of District management. The Board of Education has authorized the District Administrator and the Director of Business Services to assign fund balance. Residual amounts in any governmental fund, other than the General Fund, are also reported as assigned.
- <u>Unassigned Fund Balance</u>. Amounts that are available for any purpose. Positive unassigned amounts are only reported in the General Fund.

The District has adopted a fund balance spend-down policy regarding the order in which fund balance will be utilized. Where applicable, the policy requires restricted funds to be spent first, followed by committed funds, and then assigned funds. Unassigned funds would be spent last.

District-Wide Statements

Equity is classified as net position and displayed in three components:

 <u>Net Investment in Capital Assets</u>. Amount of capital assets, net of accumulated depreciation/amortization, and capital related deferred outflows of resources less outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets and any capital related deferred inflows of resources.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Fund Balance (Continued)

12. Fund Equity (Continued)

- Restricted Net Position. Amount of net position that is subject to restrictions that are imposed by 1) external groups, such as creditors, grantors, contributors or laws or regulations of other governments or 2) law through constitutional provisions or enabling legislation.
- <u>Unrestricted Net Position</u>. Net position that is neither classified as restricted nor as net investment in capital assets.

E. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

NOTE 2 DETAILED NOTES ON ALL FUNDS

A. Cash and Investments

The debt service funds account for their transactions through separate and distinct bank and investment accounts as required by Wisconsin State Statutes. All other funds share in common bank and investment accounts.

Invested cash consists of deposits and investments that are restricted by Wisconsin Statutes to the following:

Time deposits; repurchase agreements; securities issued by federal, state, and local governmental entities; statutorily authorized commercial paper and corporate securities; and the Wisconsin local government investment pool. Investments in the employee benefit trust fund may be invested in other types of investments as authorized user Wisconsin Statute 881.01, "Uniform Prudent Investor Act."

Petty Cash and Cash on Hand

The carrying amount of the District's cash and investments totaled \$20,082,045 on June 30, 2024 as summarized below:

\$

4,905

Deposits with Financial Institutions	6,908,881
Investments:	
U.S. Treasury Securities	7,046,030
Wisconsin Investment Series Cooperative (WISC)	1,590,762
Wisconsin Local Government Investment Pool	3,880,230
Fixed Interest Account	651,237
Total	\$ 20,082,045
Reconciliation to the basic financial statements:	
Government-Wide Statement of Net Position:	

Cash and Investments \$ 19,430,808
Fiduciary Fund Statement of Net Position
Cash and Investments 651,237
Total \$ 20,082,045

Deposits and investments of the District are subject to various risks. Presented below is a discussion of the District's deposits and investments and the related risks.

Fair Value Measurements

The District categorizes its fair value measurements within the fair value hierarchy established by accounting principles generally accepted in the United States of America. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant observable inputs; Level 3 inputs are significant unobservable inputs. The District has the following fair value measurements as of June 30, 2024:

	Fair Value Measurements Using:						
	Level 1		Level 2		Level 3		
Investments		_		_			
U.S. Treasury Securities	\$	7,046,030	\$		\$	-	

NOTE 2 DETAILED NOTES ON ALL FUNDS (CONTINUED)

A. Cash and Investments (Continued)

Custodial Credit Risk

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for *investments* is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. Wisconsin statutes require repurchase agreements to be fully collateralized by bonds or securities issued or guaranteed by the federal government or its instrumentalities. The District does not have an additional custodial credit policy.

Deposits with financial institutions within the state of Wisconsin are insured by the Federal Deposit Insurance Corporation (FDIC) in the amount of \$250,000 for the combined amount of all time and savings deposits and \$250,000 for interest-bearing and noninterest-bearing demand deposits per official custodian per insured depository institution. Deposits with financial institutions located outside the state of Wisconsin are insured by the FDIC in the amount of \$250,000 for the combined amount of all deposit accounts per official custodian per depository institution. Deposits with credit unions are insured by the National Credit Union Share Insurance Fund (NCUSIF) in the amount of \$250,000 per credit union member. Also, the state of Wisconsin has a State Guarantee Fund which provides a maximum of \$1,000,000 per public depository above the amount provided by an District of the U.S. government. However, due to the relatively small size of the State Guarantee Fund in relation to the Fund's total coverage, total recovery of insured losses may not be available. This coverage has been considered in determining custodial credit risk.

As of June 30, 2024, \$5,298,967 of the District's deposits with financial institutions were in excess of federal and state depository insurance limits. No amounts were collateralized.

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Wisconsin statutes limit investment in securities to the top two ratings assigned by nationally recognized statistical rating organizations. Presented below is the actual rating as of the year-end for each investment type.

NOTE 2 DETAILED NOTES ON ALL FUNDS (CONTINUED)

Concentration of Credit Risk

The investment policy of the District contains no limitations on the amount that can be invested in any one issuer. At June 30, 2024, the District had no investments in any one issuer (other than U.S. Treasury securities, mutual funds, and external investment pools) that represent 5% or more of total District investments.

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. As of June 30, 2024, the Wisconsin local government investment pool has a weighted average maturity of 28 days.

Information about the sensitivity of the fair values of the District's investments to market interest rate fluctuations is provided by the following table that shows the distribution of the District's investments by maturity:

		Remaining Maturity (in Months)						
		12 Months	13 to 24	25 to 60	More Than

NOTE 2 DETAILED NOTES ON ALL FUNDS (CONTINUED)

A. Cash and Investments (Continued)

Investment in Wisconsin Investment Series Cooperative

The District has investments in the Wisconsin Investment Series Cooperative (WISC) of \$1,590,762 at year-end invested, consisting of \$2 invested in the Cash Management Series, \$372,310 invested in the Investment Series, and \$1,218,450 in certificates of deposits. The Cash Management Series has no minimum investment period, allows check writing privileges, and the average dollar weighted maturity is ninety (90) days or less. The Investment Series requires a 14-day minimum investment period and one business day withdrawal notice, and the average dollar weighted maturity is one hundred twenty (120) days or less.

WISC is organized by and operated exclusively for Wisconsin public schools, technical colleges, and municipal entities. WISC is not registered with the Securities and Exchange Commission, but operates under Wisconsin International Cooperate Statute, Wisconsin Statute, Section 66.031. WISC is governed by the Wisconsin Investment Series Cooperative Commission in accordance with the terms of the Intergovernmental Cooperation Agreement. WISC invests District funds in accordance with Wisconsin law. WISC investments are valued at amortized cost, which approximates market value.

Investment in Wisconsin Local Government Investment Pool

The District has investments in the Wisconsin Local Government Investment Pool (LGIP) of \$3,880,230 at year-end. The LGIP is part of the state Investment Fund (SIF), and is managed by the state of Wisconsin Investment Board. The SIF is not registered with the Securities and Exchange Commission, but operates under the statutory authority of Wisconsin Chapter 25. The SIF reports the fair value of its underlying assets annually. Participants in the LGIP have the right to withdraw their funds in total on one day's notice. At June 30, 2024, the fair value of the District's share of the LGIP's assets was substantially equal to the carrying value.

Investment in Fixed Interest Account

The District has established an employee benefit trust fund to pay retirees' postretirement benefits. The trust has \$651,237 invested in the fixed interest annuities with American United Life Insurance Company® (AUL), a OneAmerica® company. These fixed interest annuities are backed by AUL's general account assets. AUL bears the investment risk for the AUL Fixed Interest Account values and for paying interest. The investments are valued at fair market value.

The District's capital assets are shared by many governmental functions. Accordingly, it was not considered practical to allocate depreciation/amortization expense.

C. Interfund Receivables, Payables, and Transfers

intertuna		
es		
,520		
,520		
,		

The purpose of these interfunds is to account for the lag between the dates that interfund goods and services are provided or reimbursable expenditures occur and the date payments between funds are made.

NOTE 2 DETAILED NOTES ON ALL FUNDS (CONTINUED)

C. Interfund Receivables, Payables, and Transfers (Continued)

Interfund transfer for the year ended June 30, 2024 was as follows: Interfund transfers were made for the following purposes:

Fund	Transfer	Transfer	
Fund	In	Out	
General	\$	- \$ 1,029,52	20
Nonmajor Fund:			
Long-Term Capital Improvements	1,029,52	20_	_
	\$ 1,029,52	20 \$ 1,029,52	20
To fund future capital improvements	\$ 1,02	9,520	

D. Long-Term Obligations

The following is a summary of changes in long-term obligations of the District for the year ended June 30, 2024:

	Beginning Balance	Issued Retired		Ending Retired Balance		Issued Retired		J	_	Oue Within One Year
Governmental Activities										
General Obligation Debt:										
Bonds	\$ 31,670,000	\$	-	\$	4,505,000	\$ 27,165,000	\$	4,431,000		
Debt Premium	456,319		-		177,199	279,120		103,997		
Lease Liability	349,323		456,661		125,059	680,925		161,196		
Governmental Activities										
Long-Term Obligations	\$ 32,475,642	\$	456,661	\$	4,807,258	\$ 28,125,045	\$	4,696,193		

Total interest paid during the year on long-term debt totaled \$724,652.

General Obligation Debt

General obligation debt currently outstanding is detailed as follows:

	Date of Issue	Final Maturity	Interest Rates	Original Indebtedness	Balance 6/30/24
Refunding Bonds	5/16/13	3/1/25	2.00%	\$ 10,000,000	\$ 2,735,000
Refunding Bonds	11/14/16	3/1/36	2.50 - 2.75%	10,000,000	9,235,000
Refunding Bonds	3/6/17	3/1/33	2.50 - 3.00%	8,500,000	6,970,000
Refunding Bonds	9/1/20	3/1/25	1.15 - 1.55%	11,051,000	8,225,000
Total Outstanding Gen	eral Obligation Debt				\$ 27,165,000

NOTE 2 DETAILED NOTES ON ALL FUNDS (CONTINUED)

D. Long-Term Obligations (Continued)

Annual principal and interest maturities of the outstanding general obligation debt of \$27,165,000 on June 30, 2024 are detailed below:

Year Ending	Governmental Activities						
June 30,	Principal	Interest	Total				
2025	\$ 4,431,000	\$ 581,236	\$ 5,012,236				
2026	4,434,000	501,774	4,935,774				
2027	3,560,000	433,068	3,993,068				
2028	1,490,000	371,100	1,861,100				
2029	1,525,000	331,250	1,856,250				
2030-2034	8,190,000	1,065,000	9,255,000				
2035-2036	3,535,000	133,125	3,668,125				
Total	\$ 27,165,000	\$ 3,416,552	\$ 30,581,552				

For governmental activities, the other long-term liabilities are generally funded by the General Fund.

Advance Refunding

In prior years, the District advance refunded portions of multiple general obligation bond issues. As a result, the refunded bonds are also considered to be defeased and the liability has been removed from the financial statements. At June 30, 2024, \$1,475,000 of outstanding general obligation bonds are considered defeased.

Legal Margin for New Debt

The District's legal margin for creation of additional general obligation debt on June 30, 2024 was \$286,905,687 as follows:

Equalized Valuation of the District	\$ 3	3,140,706,869
Statutory Limitation Percentage		(x) 10%
General Obligation Debt Limitation, per Section 67.03		
of the Wisconsin Statutes		314,070,687
Total Outstanding General Obligation Debt Applicable		
to Debt Limitation		27,165,000
Legal Margin for New Debt	\$	286,905,687

Leases Liability

The District leases various equipment under long-term, noncancelable lease agreements. The leases expire at various dates through 2029.

NOTE 2 DETAILED NOTES ON ALL FUNDS (CONTINUED)

D. Long-Term Obligations (Continued)

Total principal and interest costs for such leases for governmental funds were \$166,541 for the year ended June 30, 2024. The future lease payments for these agreements are as follows:

	 Governmental Activities								
Year Ending June 30,	Principal		nterest		Total				
2025	\$ 161,193	\$	33,902	\$	195,095				
2026	165,981		25,529		191,510				
2027	160,397		16,792		177,189				
2028	127,963		8,127		136,090				
2029	 65,391		1,764		67,155				
Total	\$ 680,925	\$	86,114	\$	767,039				

Right-to-use assets acquired through outstanding leases are shown in Note 2.B.

E. Pension Plans

The District reports pension related balances at June 30, 2024, as summarized below:

			Deferred		Deferred	
	Pension		Outflows		Inflows	Pension
	 Liability	0	f Resources	0	f Resources	 Expense
Wisconsin Retirement System (WRS)	\$ 2,171,140	\$	18,410,886	\$	11,645,857	\$ 1,483,993
Supplemental or Stipend Pension Plan	 3,560,598		1,004,969		619,507	 373,269
Total	\$ 5,731,738	\$	19,415,855	\$	12,265,364	\$ 1,857,262

1. WRS Pension Plan

Plan Description

The WRS is a cost-sharing, multiemployer defined benefit pension plan. WRS benefits and other plan provisions are established by Chapter 40 of the Wisconsin Statutes. Benefit terms may only be modified by the legislature. The retirement system is administered by the Wisconsin Department of Employee Trust Funds (ETF). The system provides coverage to all eligible state of Wisconsin, local government and other public employees. All employees, initially employed by a participating WRS employer on or after July 1, 2011, expected to work at least 1,200 hours a year (880 hours for teachers and school district educational support employees) and expected to be employed for at least one year from employee's date of hire are eligible to participate in the WRS.

ETF issues a standalone Annual Comprehensive Financial Report (ACFR), which can be found at https://etf.wi.gov/about-etf/reports-and-studies/financial-reports-and-statements. Additionally, EFT issued a standalone Wisconsin Retirement System Financial Report, which can also be found using the link above.

NOTE 2 DETAILED NOTES ON ALL FUNDS (CONTINUED)

E. Pension Plans (Continued)

1. WRS Pension Plan (Continued)

Vesting

For employees beginning participation on or after January 1, 1990, and no longer actively employed on or after April 24, 1998, creditable service in each of five years is required for eligibility for a retirement annuity. Participants employed prior to 1990 and on or after April 24, 1998, and prior to July 1, 2011, are immediately vested. Participants who initially became WRS eligible on or after July 1, 2011, must have five years of creditable service to be vested.

Benefits Provided

Employees who retire at or after age 65 (54 for protective occupations and 62 for elected officials and executive service retirement plan participants, if hired on or before December 31, 2016) are entitled to a retirement benefit based on a formula factor, their final average earnings, and creditable service.

Final average earnings is the average of the participant's three highest annual earnings periods. Creditable service includes current service and prior service for which a participant received earnings and made contributions as required. Creditable service also includes creditable military service. The retirement benefit will be calculated as a money purchase benefit based on the employee's contributions plus matching employer's contributions, with interest, if that benefit is higher than the formula benefit.

Vested participants may retire at or after age 55 (50 for protective occupations) and receive an actuarially-reduced benefit. Participants terminating covered employment prior to eligibility for an annuity may either receive employee-required contributions plus interest as a separation benefit or leave contributions on deposit and defer application until eligible to receive a retirement benefit.

The WRS also provides death and disability benefits for employees.

Postretirement Adjustments

The Employee Trust Funds Board may periodically adjust annuity payments from the retirement system based on annual investment performance in accordance with s. 40.27, Wis. Stat. An increase (or decrease) in annuity payments may result when investment gains (losses), together with other actuarial experience factors, create a surplus (shortfall) in the reserves, as determined by the system's consulting actuary. Annuity increases are not based on cost of living or other similar factors. For Core annuities, decreases may be applied only to previously granted increases. By law, Core annuities cannot be reduced to an amount below the original, guaranteed amount (the "floor") set at retirement.

NOTE 2 DETAILED NOTES ON ALL FUNDS (CONTINUED)

E. Pension Plans (Continued)

1. WRS Pension Plan (Continued)

The Core and Variable annuity adjustments granted during recent years are as follows:

Year	Core Fund Adjustment %_	Variable Fund Adjustment %_
2014	4.7	25.0
2015	2.9	2.0
2016	0.5	(5.0)
2017	2.0	4.0
2018	2.4	17.0
2019	0.0	(10.0)
2020	1.7	21.0
2021	5.1	13.0
2022	7.4	15.0
2023	1.6	(21.0)

Contributions

Required contributions are determined by an annual actuarial valuation in accordance with Chapter 40 of the Wisconsin Statutes. The employee required contribution is one-half of the actuarially determined contribution rate for general category employees, including teachers, executives and elected officials. Starting on January 1, 2016, the executives and elected officials category was merged into the general employee category. Required contributions for protective employees are the same rate as general employees. Employers are required to contribute the remainder of the actuarially determined contribution rate. The employer may not pay the employee required contribution unless provided for by an existing collective bargaining agreement.

During the year ended June 30, 2024, the WRS recognized \$1,944,248 in contributions from the District.

Contribution rates for the reporting period are:

Employee Category	Employee	Employer
General (Including Teachers, Executives and		
Elected Officials)	6.90%	6.90%

NOTE 2 DETAILED NOTES ON ALL FUNDS (CONTINUED)

E. Pension Plans (Continued)

1. WRS Pension Plan (Continued)

<u>Pension Assets, Liabilities, Pension Expense (Revenue), Deferred Outflows of</u> Resources, and Deferred Inflows of Resources Related to Pensions

At June 30, 2024, the District reported an liability of \$2,171,140 for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2022 rolled forward to December 31, 2023. No material changes in assumptions or benefit terms occurred between the actuarial valuation date and the measurement date. The District's proportion of the net pension liability was based on the District's share of contributions to the pension plan relative to the contributions of all participating employers. At December 31, 2023, the District's proportion was 0.14602716%, which was a decrease of 0.00186401% from its proportion measured as of December 31, 2022.

For the year ended June 30, 2024, the District recognized pension expense of \$1,483,993.

At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Differences between Expected and				
Actual Experience	\$	8,754,017	\$	11,594,749

* No postretirement adjustment is guaranteed. Actual adjustments are based on recognized investment return, actuarial experience, and other factors. 1.7% is the assumed annual adjustment based on the investment return assumption and the postretirement discount rate.

NOTE 2 DETAILED NOTES ON ALL FUNDS (CONTINUED)

E. Pension Plans (Continued)

1. WRS Pension Plan (Continued)

Actuarial assumptions are based upon an experience study conducted in 2021 that covered a three-year period from January 1, 2018 to December 31, 2020. The total pension liability for December 31, 2023 is based upon a roll-forward of the liability calculated from the December 31, 2022 actuarial valuation.

Long-Term Expected Return on Plan Assets

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

	Current Asset Allocation %		
Core Fund Asset Class:			
Public Equity	40	7.3	4.5
Public Fixed Income	27	5.8	3.0
Inflation Sensitive	19	4.4	1.7
Real Estate	8	5.8	3.0
Private Equity/Debt	18	9.6	6.7
Leverage	-12	3.7	1.0
Total Core Fund	100	7.4	4.6
Variable Fund Asset:			
U.S. Equities	70	6.8	4.0
International Equities	30	7.6	4.8
Total Variable Fund	100	7.3	4.5

New England Pension Consultants Long Term US CPI (Inflation) Forecast: 2.7%

Asset Allocations are managed within established ranges, target percentages may differ from actual monthly allocations

NOTE 2 DETAILED NOTES ON ALL FUNDS (CONTINUED)

E. Pension Plans (Continued)

1. WRS Pension Plan (Continued)

<u>Long-Term Expected Return on Plan Assets (Continued)</u>

The investment policy used for the Core Fund involves reducing equity exposure by leveraging lower-volatility assets, such as fixed income securities. Currently, an asset allocation target of 12% policy leverage is used, subject to an allowable range of up to 20%.

Single Discount Rate

A single discount rate of 6.80% was used to measure the Total Pension Liability for the current and prior year. The discount rate is based on the expected rate of return on pension plan investments of 6.80% and a municipal bond rate of 3.77% (Source: Fixed-income municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-year Municipal GO AA Index" as of December 31, 2023. In describing this index, Fidelity notes that the Municipal Curves are constructed using option-adjusted analytics of a diverse population of over 10,000 tax exempt securities.). Because of the unique structure of WRS, the 6.80% expected rate of return implies that a dividend of approximately 1.70% will always be paid. For purposes of the single discount rate, it was assumed that the dividend would always be paid. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments (including expected dividends) of current plan members. Therefore, the municipal bond rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability (Asset) to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability (asset) calculated using the discount rate of 6.8%, as well as what the District's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (5.80%) or 1-percentage-point higher (7.80%) than the current rate:

	1% Decrease to	Current	1% Increase to
	Discount Rate	Discount Rate	Discount Rate
	(5.80%)	(6.80%)	(7.80%)
District's Proportionate Share of			
the Net Pension Liability (Asset)	\$ 20,985,122	\$ 2,171,140	\$ (10,993,798)

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available separately in financial statements available at https://etf.wi.gov/about-eft/reports-and-studies/financial-reports-and-statements.

Payable to the Pension Plan

The District reported a payable of \$540,778 for the outstanding amount of contributions to the pension plan for the year ended June 30, 2024.

2. Supplemental Pension Plan

Pension Description

The plan is a single-employer, defined benefit pension plan established to provide benefits after retirement. The plan is administered by the District. No assets have been accumulated in an irrevocable trust.

Benefits Provided

A summary of eligibility requirements and plan benefits follows:

	Eligibility Re	equirements	
Employee Type	Age	Service	Plan Benefit
Professional Educators	57	20	Value based on years of service as of June 30, 2015, paid out into a TSA (Tax-Sheltered Annuity). Payment may not exceed a cumulative maximum of \$82,500.
Custodians, Maintenance and Classified Staff	58	25	Value based on years of service as of June 30, 2015, paid out into a TSA. Payment may not exceed the average salary over the final 3 years of employment times a multiplier of 1.4.

Employees Covered by Benefit Terms

As of the June 30, 2023 actuarial valuation, the following employees were covered by the benefit terms:

Inactive Employees or Beneficiaries	
Currently Receiving Benefit Payments	24
Active Employees	368
Total	392

NOTE 2 DETAILED NOTES ON ALL FUNDS (CONTINUED)

E. Pension Plans (Continued)

2. Supplemental Pension Plan (Continued)

Funding Policy

The entire cost of these benefits is paid by the District. Benefits are currently funded on a pay-as-you-go basis and no assets exist to prefund retiree benefits.

<u>Pension Liabilities, Pension Expense and Deferred Outflows of Resources and</u> Deferred Inflows of Resources Related to Pensions

Component	Amount
Total Pension Liability at July 1, 2022	\$ 4,010,338
Changes for the Year:	
Service Cost	229,693
Interest	135,442
Differences between Expected and Actual	(219,102)
Changes of Assumptions or Other Input	(84,925)
Benefit Payments	(510,848)
Net Changes	(449,740)
Total Pension Liability at June 30, 2023	\$ 3,560,598

For the year ended June 30, 2024, the District recognized pension expense of \$373,269.

At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

	Deferred Outflows of Resources		Deferred Inflows Resources
Differences between Expected and			
Actual Experience	\$ 313,139	\$	202,248

E. Pension Plans (Continued)

2. Supplemental Pension Plan (Continued)

<u>Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)</u>

\$488,161 reported as deferred outflows related to pension resulting from the District's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Year Ending June 30,	E	xpense
2025	\$	8,134
2026		8,134
2027		8,134
2028		8,134
2029		8,134
Thereafter		(143,369)
Total	\$	(102,699)

Actuarial Assumptions

The total pension liability in the June 30, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Valuation Date	June 30, 2023
Measurement Date	June 30, 2023
Actuarial Cost Method	Entry Age Normal
Amortization Method	3-Year Level Dollar
Actuarial Assumptions:	
Discount Rate	4.13%
Inflation	2.50%

Single Discount Rate.

A single discount rate of 4.13% was used to measure the total pension liability. This single discount rate was based on the 20-year tax exempt AA muni bond rates.

NOTE 2 DETAILED NOTES ON ALL FUNDS (CONTINUED)

E. Pension Plans (Continued)

2. Supplemental Pension Plan (Continued)

Sensitivity of the District's Total Pension Liability to Changes in the Discount Rate

The following presents the District's total pension liability at June 30, 2024 calculated using the discount rate of 4.13%, as well as what the District's total pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.13%) or 1-percentage-point higher (5.13%) than the current rate.

	1% Decrease to	Current	1% Increase to
	Discount Rate	Discount Rate	Discount Rate
	(3.13%)	(4.13%)	(5.13%)
Total Pension Liability	\$ 3.755.616	\$ 3.560.598	\$ 3.372.648

The sensitivity of the District's total pension liability of \$3,560,598 was determined based on the most recent actuarial study which included a valuation date of June 30, 2023 and measurement date of June 30, 2023. Sensitivity information as of June 30, 2024 was not available.

Payable to the Supplemental Pension Plan

The District had no outstanding amount of contributions to the Plan required for the year ended June 30, 2024.

F. Other Postemployment Benefits

The District reports OPEB related balances at June 30, 2024 as summarized below:

				Deferred		Deferred		OPEB
	OPEB	OPEB	0	utflows of		Inflows of	Е	Expense
	Asset	Liability	R	Resources	F	Resources	(F	Revenue)
Local Retiree Life Insurance Fund (LRLIF)	\$ -	\$ 2,175,608	\$	940,410	\$	1,053,303	\$	215,868
Single-Employer Defined OPEB Plan	 500,821			221,793		482,551		(32,850)
Total Pension Liability	\$ 500,821	\$ 2,175,608	\$	1,162,203	\$	1,535,854	\$	183,018

1. Single-Employer Defined Postemployment Benefit Plan

Plan Description

The Plan is a single-employer defined benefit postemployment health plan that covers retired employees of the District. Eligible retired employees have access to group medical coverage through the District's group plan. District paid medical benefits are paid for as indicated below. The plan is closed and eligible retirees receive grandfathered benefits that are no longer offered by the District. The plan does not issue separate financial statements.

NOTE 2 DETAILED NOTES ON ALL FUNDS (CONTINUED)

F. Other Postemployment Benefits (Continued)

1. Single-Employer Defined Postemployment Benefit Plan (Continued)

Benefits Provided

Eligible retirees receive grandfathered benefits that are no longer offered by the District. These benefits include medical/dental contributions subsidized by the District. Benefit amount and duration differ based on classification, age and years of service.

Employees Covered by Benefit Terms

As of the June 30, 2023 actuarial valuation, the following employees were covered by the benefit terms:

Inactive Employees or Beneficiaries Currently	
Receiving Benefit Payments	2
Active Employees	356
Total	358

Contributions

Administrators, teachers, custodians, and others receive grandfathered benefits including medical and dental contributions subsidized by the District. Benefit amount and duration differ based on employee classification, age and years of service. Retiree contributions are based on premium equivalent rates.

Net OPEB Asset

The District's net OPEB asset was measured as of June 30, 2023, and the total OPEB liability used to calculate the net OPEB asset was determined by an actuarial valuation as of June 30, 2023.

NOTE 2 DETAILED NOTES ON ALL FUNDS (CONTINUED)

F. Other Postemployment Benefits (Continued)

1. Single-Employer Defined Postemployment Benefit Plan (Continued)

Actuarial Assumptions

The total OPEB asset in the June 30, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation2.00%Salary Increases3.00%Investment Rate of Return4.13%

Healthcare Cost Trend Rates 7.0% decreasing to 6.50%, then

decreasing by 0.10% per year down to 4.5% and level thereafter

Mortality rates are the same as those used in the December 2020 Wisconsin Retirement System's annual report.

The actuarial assumptions used in the June 30, 2023 valuation were based on the "Wisconsin Retirement System 2018 - 2020 Experience Study."

The long-term expected rate of return on OPEB plan investments was valued at 2.25%. A blend of expected earnings on District funds and the current yield for 20-year tax-exempt AA Municipal bond rate or higher as of the measurement date was used for all years of benefit payments.

Discount Rate

The discount rate used to measure the total OPEB liability was 2.25%. The projection of cash flows used to determine the discount rate assumed that District contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

OPEB Plan Fiduciary Net Position

Information about the OPEB plan's fiduciary net position is presented in the Employee Benefit Trust Fund in these financial statements.

Investments

The Plan does not have a separate investment policy from the District. As of June 30, 2024, the Plan had no investments in any one issuer (other than U.S. Treasury securities, mutual funds, and external investment pools) that represent 5% or more of the total Plan investments. The Plan's investments at June 30, 2024 are in fixed interest investments. Investments expected rates of return are approximately 2.25%. For the year ended June 30, 2024, the annual money-weighted rate of return net of investment expenses was 2.05%.

OPEB Plan Information

At June 30, 2024, the Plan's total OPEB liability was \$96,352 and fiduciary net position was \$651,237, resulting in a net OPEB asset of \$554,885. The net OPEB asset for purposes of Plan reporting was measured at June 30, 2023 and the total OPEB liability was determined using an actuarial valuation at June 30, 2023. Plan fiduciary net position was 676% of the total OPEB liability.

OPEB Expense (Revenue) and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2024, the District recognized OPEB revenue of \$32,850.

At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources		_	Deferred Inflows Resources

Total	\$ (266,149)

Payable to the OPEB Plan

The District had no outstanding amount of contribution to the Plan required for the year ended June 30, 2024.

2. Local Retiree Life Insurance Fund

Plan Description

The LRLIF is a multiple-employer, defined benefit OPEB plan. LRLIF benefits and other plan provisions are established by Chapter 40 of the Wisconsin Statutes. The Wisconsin Department of Employee Trust Funds (ETF) and the Group Insurance Board have statutory authority for program administration and oversight. The plan provides postemployment life insurance benefits for all eligible members.

OPEB Plan Fiduciary Net Position

ETF issues a standalone Annual Comprehensive Financial Report (ACFR), which can be found at https://etf.wi.gov/about-etf/reports-and-studies/financial-reports-and-statements. Additionally, EFT issued a standalone Wisconsin Retirement System Financial Report, which can also be found using the link above.

Benefits Provided

The LRLIF plan provides fully paid up life insurance benefits for post-age 64 retired members and pre-65 retirees who pay for their coverage.

NOTE 2 DETAILED NOTES ON ALL FUNDS (CONTINUED)

F. Other Postemployment Benefits (Continued)

2. Local Retiree Life Insurance Fund (Continued)

Contributions

The Group Insurance Board approves contribution rates annually, based on recommendations from the insurance carrier. Recommended rates are based on an annual valuation, taking into consideration an estimate of the present value of future benefits and the present value of future contributions. A portion of employer contributions made during a member's working lifetime funds a postretirement benefit.

Employers are required to pay the following contributions based on member contributions for active members to provide them with Basic Coverage after age 65. There are no employer contributions required for pre-age 65 annuitant coverage. If a member retires prior to age 65, they must continue paying the member premiums until age 65 in order to be eligible for the benefit after age 65.

Contribution rates as of June 30, 2024 are:

Coverage Type	Employer Contribution
50% Postretirement Coverage	40% of Member Contribution
25% Postretirement Coverage	20% of Member Contribution

Member contributions are based upon nine age bands through age 69 and an additional eight age bands for those age 70 and over. Participating members must pay monthly contribution rates per \$1,000 of coverage until the age of 65 (age 70 if active). The member contribution rates in effect for the year ended December 31, 2022 are listed below:

Life Insurance
Member Contribution Rates
For the Year Ended December 31, 2023

1 01 110 1 001 E11000 B 000111101 0 1, 2020

2. Local Retiree Life Insurance Fund (Continued)

OPEB Liabilities, OPEB Expense (Revenue) and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2024 the District reported a liability of \$2,175,608 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of December 31, 2023, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of December 31, 2023 rolled forward to December 31, 2023. No material changes in assumptions or benefits terms occurred between the actuarial valuation date and the measurement date. The District's proportion of the net OPEB liability was based on the District's share of contributions to the OPEB plan relative to the contributions of all participating employers. At December 31, 2023, the District's proportion was 0.47289100%, which was an increase of 0.01582700% from its proportion measured as of December 31, 2022.

For the year ended June 30, 2024, the District recognized OPEB expense of \$215,868.

At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

		eferred utflows	[Deferred Inflows
	of R	esources	of	Resources
Differences between Expected and				
Actual Experience	\$	-	\$	192,549

Salary Increases	
Wage Inflation	3.00%
Seniority/Merit	0.1% - 5.6%
Mortality	2020 WRS Experience Mortality
•	Table

^{*}Based on the Bond Buyers Go 20-Bond Municipal Index

Actuarial assumptions are based upon an experience study conducted in 2021 that covered a three-year period from January 1, 2018 to December 31, 2020. The total OPEB liability for December 31, 2023 is based upon a roll-forward of the liability calculated from the January 1, 2023 actuarial valuation.

NOTE 2 DETAILED NOTES ON ALL FUNDS (CONTINUED)

F. Other Postemployment Benefits (Continued)

2. Local Retiree Life Insurance Fund (Continued)

Long-Term Expected Return on Plan Assets

The long-term expected rate of return is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation. Investments for the LRLIF are held with Securian, the insurance carrier. Interest is calculated and credited to the LRLIF based on the rate of return for a segment of the insurance carriers' general fund, specifically 10-year A- Bonds (as a proxy, and not tied to any specific investments). The overall aggregate interest rate is calculated using a tiered approach based on the year the funds were originally invested and the rate of return for that year. Investment interest is credited based on the aggregate rate of return and assets are not adjusted to fair market value. Furthermore, the insurance carrier guarantees the principal amounts of the reserves, including all interest previously credited thereto. The target allocation and expected returns are summarized in the following table:

			Long-Term
			Expected
		Target	Geometric Real
Asset Class	Index	Allocation	Rate of Return %
U.S. Intermediate Credit Bonds	Bloomberg US Interim Credit	40%	2.32%
U.S. Mortgages	Bloomburg US MBS	60%	2.52%
Inflation			2.30%
Long-Term Expected Rate of Return			4.25%

Single Discount Rate

A single discount rate of 3.32% was used to measure the total OPEB liability, as opposed to a discount rate of 3.76% for the prior year. The significant change in the discount rate was primarily caused by the decrease in the municipal bond rate from 3.72% as of December 31, 2022 to 3.26% as of December 31, 2023. The Plan's fiduciary net position was projected to be insufficient to make all projected future benefit payments of current active and inactive members. Therefore, the discount rate for calculating the Total OPEB Liability was applied to benefit payments, to the extent that the plan's fiduciary net position is projected to be sufficient to make projected benefit payments, and the long-term expected rate applied to benefit payments to the extent that the plan's fiduciary net position is projected to be sufficient to make projected benefit payments, and the municipal bond rate applied to benefit payment to the extent that the plan's fiduciary net position is projected to be insufficient. The plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through December 31, 2036.

NOTE 2 DETAILED NOTES ON ALL FUNDS (CONTINUED)

F. Other Postemployment Benefits (Continued)

2. Local Retiree Life Insurance Fund (Continued)

The projection of cash flows used to determine the single discount rate assumed that employer contributions will be made according to the current employer contribution schedule and that contributions are made by plan members retiring prior to age 65.

<u>Sensitivity of the District's Proportionate Share of Net OPEB Liability (Asset) to Changes in the Discount Rate</u>

The following presents the District's proportionate share of the net OPEB liability (asset) calculated using the discount rate of 3.32%, as well as what the District's proportionate share of the net OPEB liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (2.32%) or 1-percentage-point higher (4.32%) than the current rate:

	1%	Decrease to		Current	1%	Increase to
	Discount Rate		Discount Rate		Dis	scount Rate
		(2.32%)		(3.32%)		(4.32%)
District's Proportionate Share of						
the Net OPEB Liability (Asset)	\$	2,923,232	\$	2,175,608	\$	1,604,928

Payable to the OPEB Plan

The District had no outstanding amount of contribution to the plan as of June 30, 2024.

G. Fund Equity

Nonspendable Fund Balance

In the fund financial statements, portions of the governmental fund balances are amounts that cannot be spent because they are either 1) not in spendable form or 2) legally or contractually required to be maintained intact. At June 30, 2024, nonspendable fund balance was as follows:

		N	onmajor	
	 General	Food Servic		
Nonspendable:	 		_	
Prepaid Items	\$ 61,819	\$	62,372	

NOTE 2 DETAILED NOTES ON ALL FUNDS (CONTINUED)

G. Fund Equity (Continued)

Restricted Fund Balance

In the fund financial statements, portions of governmental fund balances are not available for appropriation or are legally restricted for use for a specific purpose. At June 30, 2024, restricted fund balance was as follows:

General Fund Restricted for: Common School Program Get Kids Ahead Grant	\$ 40,283 2,365
Total General Fund Restricted Fund Balance	42,648
Special Revenue Funds Restricted for: Donations Food Service Program	286,574 1,643,786
Community Service Activities	386,774
Debt Service Funds Restricted for Debt Service	2,217,235
Capital Projects Fund Restricted for:	
Long-Term Capital Improvements	1,184,702
Total Restricted Fund Balance	\$ 5,761,719

Assigned Fund Balance

Portions of governmental fund balances have been assigned to represent tentative management plans that are subject to change. At June 30, 2024, fund balance was assigned as follows:

General Fund
Assigned for:
Self Insurance

\$ 2,618,904

NOTE 2 DETAILED NOTES ON ALL FUNDS (CONTINUED)

G. Fund Equity (Continued)

Minimum General Fund Balance Policy

The Board of Education has adopted a policy that a minimum unassigned fund balance in the amount 15% of general fund expenditures be maintained for cash flow and working capital purposes. The minimum unassigned fund balance amount is calculated as follows:

Actual 2023-2024 General Fund Expenditures	\$ 54,385,918
Minimum Fund Balance %	(x) 15%
Minimum Fund Balance Amount	\$ 8,157,888

The District's unassigned General Fund balance of \$11,384,411 is above the minimum fund balance amount.

NOTE 3 OTHER INFORMATION

A. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the government carries commercial insurance. The District completes an annual review of its insurance coverage to ensure adequate coverage. There have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or the prior three years.

Self-funded Insurance Program

The District has established a self-funded health and dental benefit plan for its employees. The Plan administrator, United Healthcare (administrator) is responsible for the approval, processing, and payment of claims, after which they bill the District's trustee for reimbursement. The District is also responsible for a monthly administrative fee. The Plan reports on a fiscal year ending June 30.

Accounting and budgeting requirements for the Plan are established by the Wisconsin Department of Public Instruction. Currently, the Plan is accounted for in the General Fund of the District.

As part of the coverage of the self-insured health plan the District purchases stop-loss coverage which pays claims in excess of \$150,000 per individual as provided by OBEP (administrator). Aggregate stop-loss coverage applies if the total paid claims (net of reimbursements) exceed the aggregate deductible at year-end which is based on a composite factor of \$1,675. The District has no stop-loss coverage for the self-insured dental plan.

NOTE 3 OTHER INFORMATION (CONTINUED)

A. Risk Management (Continued)

At June 30, 2024, the District has reported a liability of \$658,521 which represents reported and unreported claims which were incurred on or before June 30, 2024, but were not paid by the District as of that date. The amounts not reported to the District were determined by the Plan administrator. Changes in the claims liability for the years ended June 30, 2024 and 2023, are as follows:

		С	urrent Year					
		C	Claims and					
	Liability	C	Changes in		Claims		Liability	
	July 1	Estimates		Payments		stimates Payments		June 30
2024	\$ 761,945	\$	6,939,102	\$	7,042,526	\$	658,521	
2023	805,356		6,860,752		6,904,163		761,945	

B. Contingencies

The District participates in a number of federal and state assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. Accordingly, the District's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

From time to time, the District is party to other various pending claims and legal proceedings. Although the outcome of such matters cannot be forecast with certainty, it is the opinion of management that the likelihood is remote that any such claims or proceedings will have a material adverse effect on the District's financial position or results of operations.

C. Limitation on School District Revenues

Wisconsin Statutes limit the amount of revenues a school district may derive from general school aids and property taxes unless a higher amount is approved by a referendum.

This limitation does not apply to revenue needed for payment of any general obligation debt service (including refinanced debt) authorized by either of the following:

- A resolution of the school board or by referendum prior to August 12, 1993.
- A referendum on or after August 12, 1993.

NOTE 1 PENSIONS

Wisconsin Retirement System

Changes of Benefit Terms

There were no changes of benefit terms for any participating employer in the WRS.

Based on a three-year experience study conducted in 2021 covering January 1, 2018 through December 31, 2020, the EFT Board adopted assumption changes that were used to measure the total pension liability beginning with the year-end December 31, 2021 including the following:

- Lowering the long-term expected rate of return from 7.0% to 6.8%
- Lowering the discount rate from 7.0 to 6.8%
- Lowering the wage inflation rate from 3.2% to 3.0%
- Lowering the price inflation rate from 2.5% to 2.4%
- Lowering the post-retirement adjustments from 1.9% to 1.7%
- Mortality assumptions were changed to reflect updated trends by transitioning form the Wisconsin 2018 Mortality Table to the 2020 WRS Experience Mortality Table.

Based on a three-year experience study conducted in 2018 covering January 1, 2015 through December 31, 2017, the EFT Board adopted assumption changes that were used to measure the total pension liability beginning with the year-end December 31, 2018 including the following:

- Lowering the long-term expected rate of return from 7.2% to 7.0%
- Lowering the discount rate from 7.2% to 7.0%
- Lowering the wage inflation rate from 3.2% to 3.0%
- Lowering the price inflation rate from 2.7% to 2.5%
- Lowering the post-retirement adjustments from 2.1% to 1.9%
- Mortality assumptions were changed to reflect updated trends by transitioning form the Wisconsin 2018 Mortality Table to the 2020 WRS Experience Mortality Table.

Supplemental Pension

The Single Discount Rate assumption used to develop the total pension liability changed from the prior year. The discount rate used in the June 30, 2023 actuarial valuation was 4.13%.

Benefits are currently funded on a pay-as-you-go basis and no assets exist to prefund retiree benefits. The amounts reported for each fiscal year were determined as of June 30 of the prior fiscal year.

The District is required to present the last 10 fiscal years of data; however accounting standards allow the presentation of as many years as are available until 10 fiscal years are presented. No amounts have been accumulated in an irrevocable trust.

NOTE 2 OTHER POSTEMPLOYMENT BENEFIT PLANS

Single-Employer Defined Benefit Health Plan

The Single Discount Rate assumption used to develop the total OPEB liability changed from the prior year. The discount rate used in the June 30, 2023 actuarial valuation was 4.13%. The amounts reported for each fiscal year were determined as of June 30 of the prior fiscal year.

The District is required to present the last 10 fiscal years of data; however accounting standards allow the presentation of as many years as are available until 10 fiscal years are presented.

Local Retiree Life Insurance Fund (LRLIF)

Changes of Benefit Terms

There were no changes of benefit terms for any participating employer in LRLIF. Changes in assumptions are as follows:

Changes of Assumptions

The state of Wisconsin Employee Trust Fund Board adopted economic and demographic assumption changes based on a three year experience study performed for the Wisconsin Retirement System. These assumptions are used in the actuarial valuations of OPEB liabilities (assets) for the retiree life insurance programs and are summarized below.

The assumption changes that were used to measure the December 31, 2021 total OPEB liabilities, including the following:

- Lowering the price inflation rate from 2.5% to 2.4%
- Mortality assumptions were changed to reflect update trends by transitioning from the Wisconsin 2018 Mortality Table to the 2020 WRS Experience Mortality Table.

The assumption changes that were used to measure the December 31, 2018 total OPEB liabilities, including the following:

- Lowering the long-term expected rate of return from 5.00% to 4.25%
- Lowering the wage inflation rate from 3.2% to 3.0%
- Lowering the price inflation rate from 2.7% to 2.5%
- Mortality assumptions were changed to reflect update trends by transitioning from the Wisconsin 2018 Mortality Table to the 2020 WRS Experience Mortality Table.

The amounts reported for each fiscal year were determined as of the prior fiscal year-end. The District is required to present the last 10 fiscal years of data; however accounting standards allow the presentation of as many years as are available until 10 fiscal years are presented.

NOTE 3 BUDGETS AND BUDGETARY ACCOUNTING

Local Retiree Life Insurance Fund (LRLIF) (Continued)

Operating budgets are adopted each fiscal year for all governmental funds in accordance with Section 65.90 of the Wisconsin Statutes. Budgetary expenditure control is exercised at the function level. Reported budget amounts are as originally adopted or as amended by Board of Education resolution.

The District follows these procedures in establishing the budgetary data reflected in the basic financial statements.

- Based upon requests from District staff, District administration recommends budget proposals to the Board of Education.
- The Board of Education prepares a proposed budget including proposed expenditures and the means of financing them for the July 1 through June 30 fiscal year.
- A public notice is published containing a summary of the budget and identifying the time and place where a public hearing will be held on the proposed budget.
- Pursuant to the public budget hearing, the Board of Education may make alterations to the proposed budget.
- Once the Board of Education (following the public hearing) adopts the budget, no changes may be made in the amount of tax to be levied or in the amount of the various appropriations and the purposes of such appropriations unless authorized by a 2/3 vote of the entire Board of Education.
- Appropriations lapse at year-end unless authorized as a carryover by the Board of Education. The portion of fund balance representing carryover appropriations is reported as a committed or assigned fund balance in the fund financial statements.
- Encumbrance accounting is used by the District as an extension of formal budgetary control during the year.
- The DPI requires the District to separate special education revenues and expenditures from other General Fund amounts.

The district did not have any material violation of legal or contractual provisions for the fiscal year ending June 30, 2024.

NOTE 3 BUDGETS AND BUDGETARY ACCOUNTING (CONTINUED)

Budgetary Information

Budgetary information is derived from the annual operating budget and is presented in accordance with accounting principles generally accepted in the United States of America, except the District adopts a budget for the special education special revenue fund in accordance with requirements from the Wisconsin Department of Public Instruction. In accordance with accounting principles generally accepted in the United States of America, these funds are included as part of the general fund in these financial statements. An explanation of the differences between Revenues, Expenditures, and Other Financing Sources (Uses) for budgetary funds on budgetary fund basis and a GAAP General Fund basis is summarized below:

	General	Special Education Fund
Revenues		
Actual Amounts (Budgetary Basis)	\$ 52,557,129	\$ 2,598,117
Reclassification of Special Education Fund	2,598,117	(2,598,117)

ADDITIONAL INDEPENDENT AUDITORS' REPORT FOR BASIC FINANCIAL STATEMENTS

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Education School District of Greenfield Greenfield, Wisconsin

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the School District of Greenfield, Greenfield, Wisconsin (the District) as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 9, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2024-001, that we consider to be a significant deficiency.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

School District of Greenfield's Response to Finding

Government Auditing Standards requires the auditor to perform limited procedures on the District's response to the finding identified in our audit and described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

FEDERAL AND STATE AWARDS

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND THE STATE SINGLE AUDIT GUIDELINES

Board of Education School District of Greenfield Greenfield, Wisconsin

Report on Compliance for Each Major Federal and State Program Opinion on Each Major Federal and State Program

We have audited School District of Greenfield's (the District) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *State Single Audit Guidelines* issued by the Wisconsin Department of Administration that could have a direct and material effect on each of the District's major federal and state programs for the year ended June 30, 2024. The District's major federal and state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal and State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and the State Single Audit Guidelines. Our responsibilities under those standards, the Uniform Guidance, and the State Single Audit Guidelines are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District's federal and state programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and the *State Single Audit Guidelines* will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal and state program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and the *State Single Audit Guidelines* we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in
 order to design audit procedures that are appropriate in the circumstances and to test and
 report on internal control over compliance in accordance with the Uniform Guidance and the
 State Single Audit Guidelines, but not for the purpose of expressing an opinion on the
 effectiveness of the District's internal control over compliance. Accordingly, no such opinion is
 expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with the Uniform Guidance and is described in the accompanying schedule of findings and questioned costs as item 2024-002. Our opinion on each major federal and state program is not modified with respect to this matters.

Report on Internal Control Over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify a certain deficiency in internal control over compliance that we consider to be a significant deficiency.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2024-002, to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on the District's response to the internal control over compliance finding identified in our audit described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the *State Single Audit Guidelines*. Accordingly, this report is not suitable for any other purpose.

SCHOOL DISTRICT OF GREENFIELD GREENFIELD, WISCONSIN NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE AWARDS JUNE 30, 2024

NOTE 1 BASIS OF PRESENTATION

The accompanying schedules of expenditures of federal and state awards for the School District of Greenfield are presented in accordance with the requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the *State Single Audit Guidelines* issued by the Wisconsin Department of Administration.

The schedules of expenditures of federal and state awards include all federal and state awards of the District. Because the schedules present only a selected portion of the operations of the District, it is not intended to and does not present the financial position or changes in net position of the District.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Revenues and expenditures in the schedules are presented in accordance with the modified accrual basis of accounting and are generally in agreement with revenues and expenditures reported in the District's 2024 fund financial statements. Such expenditures are recognized following the cost principles contained in the Uniform Guidance and *State Single Audit Guidelines*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Accrued revenue at year-end consists of federal and state program expenditures scheduled for reimbursement to the District in the succeeding year while unearned revenue represents advances for federal and state programs that exceed recorded District expenditures. Because of subsequent program adjustments, these amounts may differ from the prior year's ending balances.

The District has not elected to charge a de minimis rate of 10% of modified total costs.

NOTE 3 FOOD DISTRIBUTION

Nonmonetary assistance is reported in the schedule of expenditures of federal awards at the fair market value of the commodities received and disbursed.

NOTE 4 OVERSIGHT AGENCIES

The federal and state oversight agencies for the District are as follows:

Federal - U.S. Department of Education State - Wisconsin Department of Public Instruction

NOTE 5 PASS-THROUGH ENTITIES

Federal awards have been passed through the following entities:

WI DHS – Wisconsin Department of Health Services WI DPI – Wisconsin Department of Public Instruction

Section II - Financial Statement Findings

2024 – 001 Preparation of Annual Financial Report

Type of Finding: Significant Deficiency in Internal Control over Financial Reporting

Condition: Current District staff maintains accounting records which reflect the District's

financial transactions; however, preparing the District's annual financial report, including note disclosures, involves the selection and application of specific accounting principles which would require additional experience and knowledge. The District contracts with us and our knowledge of applicable accounting principles, financial statement format, and note disclosures to assist in the preparation of the annual financial report in an efficient manner. However, as independent auditors, CLA cannot be considered part of the District's internal control system. As part of its internal control over preparation of its financial statements, including disclosures, the District had implemented a comprehensive review procedure to ensure that the financial statements, including note

disclosures, are complete and accurate.

Criteria or Specific

Requirement: The preparation and review of the annual financial report by staff with expertise in

financial reporting is an internal control intended to prevent, detect and correct a potential omission or misstatement in the financial statements or notes or other

required state financial reports.

Effect: Without our involvement, the District may not be able to completely prepare an

annual financial report in accordance with accounting principles generally

accepted in the United States of America.

Cause: District management has determined that the additional costs associated with

training staff to become experienced in applicable accounting principles and note

disclosures outweigh the derived benefits.

Repeat Finding: Repeat of finding 2023-001

Recommendation: We recommend the District continue reviewing the annual financial report. While it

may not be cost beneficial to train additional staff to completely prepare the report, a thorough review of this information by appropriate staff of the District is necessary to obtain a complete and adequate understanding of the District's

annual financial report.

Views of Responsible

Officials: Management agrees with this finding. The District will rely on the assistance of the

auditors for preparation of the financial statements and related notes. Management will continue to review and approve the audited financial statements

by comparing them to internally generated financial reports and records.

Section III – Federal and State Award Findings and Questioned Costs

2024 - 002

Procurement

Federal Agency: U.S. Department of Agriculture Federal Program Names: Child Nutrition Cluster Assistance Listing Numbers: 10.553, 10.555, & 10.559

Pass-Through Agency: Wisconsin Department of Public Instruction

Pass-Through Numbers: 2024-402303-DPI-SB-SEVERE-546, 2024-402303-DPI-NSL-547, 2024-

402303-DPI-SFSP-561

Award Periods: 7/1/23-6/30/24

Type of Finding: Significant Deficiency in Internal Control Over Compliance, Other Matters

Criteria or Specific

Requirement: 2 CFR 200.320 Methods of Procurement state that if the small purchases method

is used, price or rate quotations must be obtained from an adequate number of

qualified sources (at least 2).

Condition: During our testing of procurement transactions of the program we noted that none

of the vendors selected were supported by an adequate number of price or rate quotations to ensure the District is prudent with the monies used towards the

program.

Context: The District did not obtain an appropriate number of price or rate quotations for 2

of the 2 vendors tested in our sample.

Cause: The District did not follow Federal Funds Procurement policy.

Effect: Obtaining price or rate quotations from an adequate number of vendors allows the

District to use federal funds in the most fiscally responsible way. The lack of price

or rate quotations may cause the District to over pay for supplies or services.

Questioned Costs: None

Repeat Finding: Not a repeat Finding

Recommendation: We recommend the District review procurement policies and establish a

procurement process in order to ensure this policy is being followed.

Views of Responsible

Officials: There is no disagreement with this finding and management has developed a plan

to correct the finding.

Section IV – Other Issues								
1.	Does the auditor have substantial doubt as to the auditee's ability to continue as a going concern?	yesx	no					
2.	Does the audit report show audit issues (i.e., material noncompliance, nonmaterial noncompliance, questioned cost, material weakness, significant deficiencies, management letter comment, excess revenue or excess reserve) related to grant/contracts with funding agencies that require audits to be in accordance with the <i>State Single Audit Guidelines</i> :							
	Department of Health Services Department of Public Instruction	yes x	no no
