Dear Greenfield School District Family,

Children ages 5-11 are now eligible for the Pfizer COVID vaccine. Pfizer is a two dose series, given three weeks apart. The Greenfield Health Department will be providing vaccination clinics at the following locations in the Greenfield area.

*Once students are considered fully vaccinated (two weeks after the administration of the second dose) they do not need to quarantine if deemed a close contact to a positive case.*

If you want your child to receive a vaccine at one of the clinics, you will need to make an appointment by clicking the appropriate link below. There is no cost for the vaccine. A parent will need to be present at the time of vaccination. Any questions, please contact the Greenfield Health Department at 414-329-5275.
