January 25, 2022

At the January 24, 2022 School Board Meeting, the Board adopted a resolution to continue the requirement that face coverings (masks) be worn indoors by all students, staff, teachers, and visitors in all District buildings. The resolution will remain in place through second semester and summer school (July 29, 2022), or at a date sooner if the Board determines the reasons for the mask requirement have changed. The School Board reviews the COVID dashboard data at each Committee of the Whole Meeting and School Board Meeting.
