

## Grade 9 Course Selection Hints

- The following courses will be pre-loaded into your infinite campus course selections and cannot be changed unless your school counselor makes the change.

English 9  
Biology  
Algebra or Geometry (based on current math course)

- If you sign up for summer phy ed and/or health during the summer school registration window (Feb 26-March 22) phy ed 9 and health will be removed from your selections for 24-25 school year and one of your alternates that are listed will be used by the counselor to replace it. If you do not attend or complete the summer school course(s) you sign up for, a seat will not be guaranteed in health or phy ed during the 24-25 school year.
- You must choose 1 social studies course listed below that are also listed in the required section of the course selection sheet and place an X on your sheet by the course name.

World History  
Global Studies  
AP Human Geography

- **You cannot drop AP courses if you choose the course..**
- Choose your electives and alternate courses. Indicate the order of importance by placing a number 1-6 in the square in front of each course you are choosing. This is the order you will enter them into infinite campus. Your last courses will be your alternates.
