Workforce Health

Convenient care

The School District of Greenfield Workplace Clinic offers convenient appointments for basic preventive care and treatment of minor illnesses and injuries. Services and on-site medication dispensing are **free-of-charge** to all School District of Greenfield employees and subscribers (spouses & dependents ages two and up) to the District's health insurance plan. As an added benefit, you can visit the clinic during the work day without taking paid time off. We're here to make sure nothing stands in the way of your health and well-being.

Expert staff

The Workplace Clinic is staffed by a licensed, board-certified Advanced Practice Provider and a Medical Assistant. Our providers understand that to comfortably discuss your health, you should never be rushed during your appointments. The Workplace Clinic will always give you the time you need with your provider.

Confidentiality

Froedtert & the Medical College of Wisconsin Workforce Health is committed to providing exceptional health care services to the communities that we serve. We are dedicated to protecting the privacy and security of your Protected Health Information (PHI) by following the Health Insurance Portability and Accountability Act (HIPAA) of 1996.
