CONTINUITY OF LEARNING

While we are engaging in distance learning as a Learning Community, some things will be new and different, however one thing that will remain the same is that your child's teacher is the main point of contact regarding learning goals and activities.

If you or your child has any questions about learning tasks, activities, projects and/or digital learning resources please contact the teacher directly via email.

Families can find additional information on their school's web page and students grades 6-12 can also access the Moodle link below.
